SENIOR PORTRAITS
WHAT TO WEAR GUIDE

WELCOME

Your Senior Portrait Session promises to be an unforgettable experience, unlike any other photo shoot you've had before! It's a once-in-a-lifetime opportunity to capture this significant milestone in your life.

The outfits and accessories you choose will make a tremendous difference on the outcome of your photos! I put together this "What to Wear" guide to assist you in selecting a wardrobe that will showcase your personality and ensure you truly shine in your photos. My aim is for this resource to be a valuable tool as you get ready for your memorable day!

SHINE IN YOUR BEST!

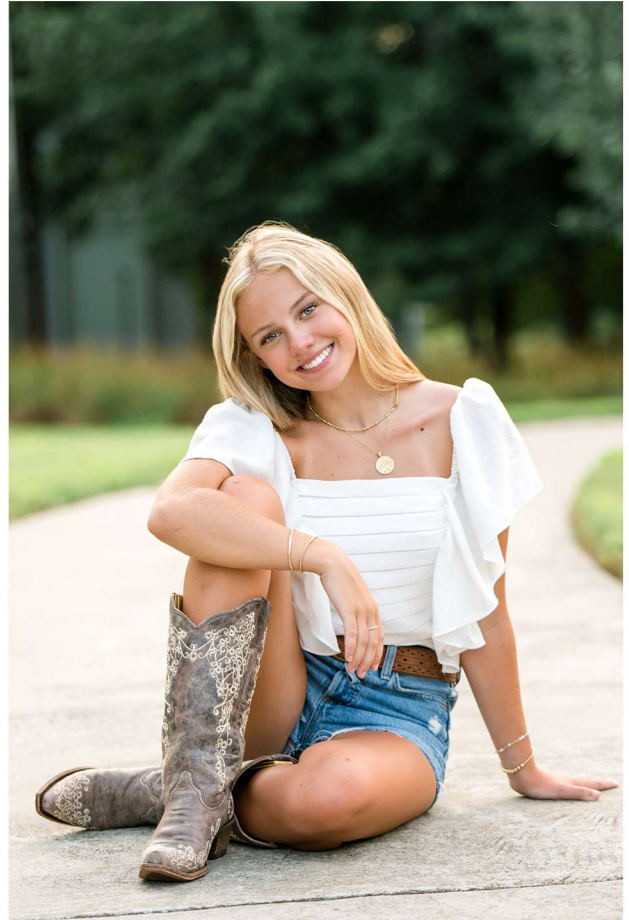

Include at least one dressy outfit for this special occasion. Choose something extraordinary to mark this once-in-a-lifetime event! You aim to showcase your absolute best! Long flowing dresses offer an elegant, classic look. High heels not only enhance your outfit but also elongate your legs for added elegance. Embracing a sophisticated style ensures you exude your finest and guarantees that your pictures remain timeless for years to come.

ADD A TRENDY OUTFIT

While dressing up is fitting, many graduates opt for a second, more casual outfit for their shoot. It's enjoyable to complement an elegant ensemble with a trendy, hip style! Choose a wardrobe that highlights your individual personality. The goal is to have fun and feel comfortable throughout the session!

WEAR COLORS THAT FLATTER YOU

It's important to select colors that look good on you. Be thoughtful about what shades go well with your skin tones, hair color, and eyes. Blue is a color that tends to look great on most people, so if you still aren't sure, I recommend going with blue!

ACCESSORIZE, ACCESSORIZE, ACCESSORIZE!

Should you wear the hat? YES!

Those leopard high-heels? 100% YES!

Layers, accessories, and textures will bring pizzazz, personality, and zest to your photos! A statement necklace or scarf adds so much dimension. Textures like sequins, furs, and sparkles can be considered “daring” or “over the top” but, in portraits, they are the terrific! Accessories make all the difference!

PICK THE PERFECT SHOES!!

Your shoes deserve just as much thought as the rest of your outfit! They may seem like a small detail, but they can completely elevate your look. Whether you choose elegant heels, fun cowboy boots, colorful stilettos, or trendy sneakers, choose something that complements your outfit beautifully and leave those flip-flops and Birkenstocks at home!

COMPLIMENT YOUR LOCATION

Your location and wardrobe should go well with one another. This will allow your images to flow and feel more like a cohesive piece of art.

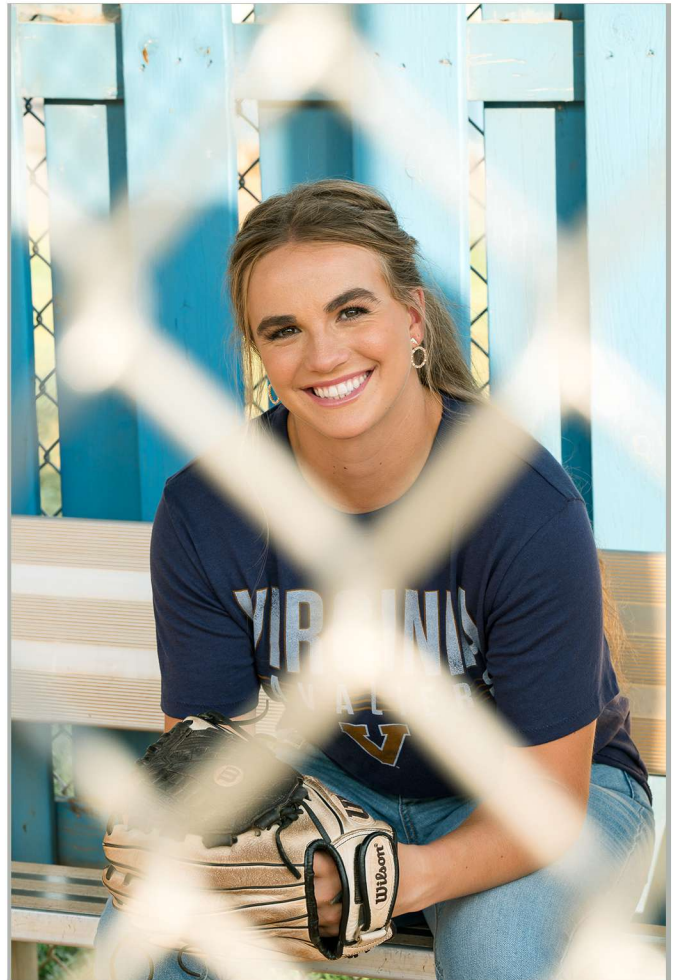

INCORPORATE HOBBIES AND PASSIONS

Senior Portraits can showcase your unique personality and passions. Add spark to your photos by including pastimes, musical instruments, sports, and even family pets!

in the end.”

HAIR AND MAKEUP

I highly recommend all of my senior girls invest in professional hair and makeup if it fits within your budget. Hiring a professional stylist will make a tremendous difference in the quality of your photos. Plus, letting yourself be “pampered” will make your senior picture experience a lot more fun and remove the stress of trying to do it yourself!

If you decide to do your own makeup, I encourage going a little heavier than normal. The camera tends to “soften” the face, so going bolder will help your look stand out! This is especially important for lipstick! Go bright on the lips!

DON'T FORGET THE NAILS!

Your nails will show in some of the close-up pictures, so be sure they look their best!

FINAL THOUGHTS

Choosing what to wear for your senior portraits is one of the most exciting parts of preparing for your session! While there are plenty of style ideas to consider, the most important thing is choosing outfits that make you feel confident, beautiful, and authentically you. When you feel your best, it naturally shines through in every photograph.

It is a true privilege to celebrate this milestone with you. Together, we'll create timeless portraits that beautifully capture YOU!
